Minimize Costs without Sacrificing Quality

During a challenging economy, one of the most cost effective ways to address workload peaks while supporting current employees is through temporary staffing. **Let MLS help you adapt to this ever changing market.** Today, a large number of diverse highly qualified and experienced contract Legal Professionals are available through Major Legal Services on an as-needed basis. Without sacrificing quality, your firm minimizes employment costs while remaining capable of addressing client needs because of your flexibility to expand and reduce staff as the workload dictates.

Locally Owned and Operated Since 1989

MLS recruits and screens Attorneys, Paralegals and other qualified legal staff for permanent positions and temporary assignments. Therefore, we can quickly and efficiently assemble on-point, experienced teams for large or small temporary projects.

As members of the National Association of Legal Search Consultants ([NALSC](#)), MLS strictly abides by their code of ethics for search services. We are committed to a quality, cost-effective and reliable service.

One cost-effective alternative to direct hiring is to incorporate Legal Staff on a long-term contract basis through a legal recruiting company. Let MLS shoulder the administrative burden of managing payroll expenses

and eliminate the risks inherent with permanent or direct hiring. This service also provides your organization with the time needed to “test a candidate out” to make sure that this person is a good match and that the work flow is steady enough to justify the financial commitment of a permanent hire. Why not get the benefits and talents of a new employee without the extra hassles!
